Re: Public Records Requests

Dear John:

*REPLY
 CALL IF
 NEEDED -*

I am in receipt of your public records request to Dr. Dawkins dated July 28, 2011 requesting certain items previously requested on July 5 and 18, 2011 by 4:00 p.m. of the same date or explain to a judge why you can not do so. I have been advised that this request was not received until after 4:00 p.m. Please be advised that the school board is closed on today, Friday, July 29, 2011.

I will get with the superintendent and his staff on Monday morning to attempt to further respond to your previous requests. If I have problems determining how to respond to your requests, I would appreciate you accepting a telephone call from me to clarify your requests.

As you are aware, the school system is not required to create documents. The school system has been responding to your requests and answering questions even though they were not proper public records requests (i.e., documents that did not exist were created) as a courtesy and convenience to you.

If you have any questions or comments, please call.

Sincerely,

Reginald W. Abrams
